The Board of Directors  
ANG LIFESCIENCES INDIA LIMITED  
SCO 113, Darbara Complex, First Floor, District Shopping Centre B Block, Ranjit Avenue, Amritsar,  
Punjab, 143001

Dear Sir/Madam,

**Subject: Valuation of Equity Shares of ANG LIFESCIENCES INDIA LIMITED (ANG)**

**I. Purpose:**

We have been engaged by ANG LIFESCIENCES INDIA LIMITED having Registered office at SCO 113, Darbara Complex, First Floor, District Shopping Centre B Block, Ranjit Avenue, Amritsar, Punjab, 143001 for the purpose of valuation of equity shares of ANG LIFESCIENCES INDIA LIMITED (“**ANG**”/ “**Company**”).

ANG is evaluating the fair market value of equity shares under preferential issue of shares under the provisions of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 (SEBI ICDR 2018). Since, the Articles of Association (AOA) of the Company prescribes that in case of further issue of shares, the Company is required to obtain a Valuation report from a Registered Valuer, therefore, ANG requires a Valuation of its shares for issuing shares in terms of the amended regulation 164 of SEBI ICDR 2018 and AOA of the Company and Since, the Board of the Directors proposed to issue more than 5% to the proposed allottee, ANG requires Valuation of its shares for issuing shares in terms of the amended regulation 166A of SEBI ICDR 2018.

Accordingly, as per the request received from the company, we are valuing the Equity Shares of the Company.

The information contained herein and our report is confidential. It is intended only for the sole use for ANG, and only in connection with the purpose mentioned above. It is to be noted that any reproduction, copying or otherwise quoting of this report or any part thereof, other than in connection with the purpose as aforesaid, can be done only with our prior permission in writing.

#### VIII. Approach Considered in our Value Analysis:

##### General Principle for Valuation

There is no single definition of the term 'Value' that is suitable for all purposes or at all times. The value of a particular asset may vary according to different valuation methodologies that are adopted to ascertain the value for a specific purpose. Valuation of securities is an inexact science. It may sometimes involve a set of judgments and assumptions that may be subject to certain uncertainties.

**Broadly there are three approaches of Valuations which are as follows:**

- a) "Net Asset Approach"
- b) "Profit Earning Capacity Value"- PECV approach
- c) "Market" Approach

**IN SUMMARY:**

The application of any method of valuation depends on the purpose for which the valuation exercise is performed; relevance of each method under the circumstances of the case and other factors as determined appropriate. The brief methodology in each of the three approaches as mentioned above is as mentioned hereunder:

- **Net Asset Approach:** This method takes into account the value of the assets of the business or the net worth as represented in the financial statements of the Company. For the purposes of arriving at net asset value per share, the net worth so arrived at shall be divided by the number of equity shares issued and paid-up.
- **Profit Earning Capacity Value (PECV) Approach:** This method of valuation presumes the continuity of the business and uses the past earnings to arrive at an estimate of future maintainable profits (FMP). For the purpose of the calculating PECV of shares, commonly accepted approach is to capitalize weighted average of past earnings, at an appropriate rate of capitalization, to arrive at the fair value per share.
- **Market Approach:** The market approach is a method of determining the value of shares based on the quoted price in the respective stock exchange where the shares have been listed.

**Selection of Valuation Methodology**

The objective of the valuation process is to make a best reasonable judgment of the value of the Equity Shares of the Company. The Company's Equity shares are presently listed on BSE and are frequently traded at BSE.

Since the Equity Share of ANG is listed and frequently traded at BSE Limited, more weightage has been given to the value considered under Market Approach, therefore, Lesser weightage was given to value considered under NAV Method and Accordingly, weight of 20% was given to NAV method and weight of 80% has been given to Market approach.

Further, Since, the Articles of Association (AOA) of the Company prescribes that in case of further issue of shares, the Company is required to obtain a Valuation report from a Registered Valuer and Further, since the Company proposed to issue shares more than 5% to the allottee, in terms of the provisions of Regulation 166A of SEBI ICDR 2018, as amended upto date, ANG requires Valuation of its Equity shares for issuing Equity shares on preferential basis. Accordingly, the minimum price shall be higher of the floor price determined under sub-regulation (1), (2) or (4) of regulation 164 or the price determined by the Valuer or the price determined in accordance with the provisions of the Articles of Association of the issuer.

Therefore, for the evaluation of fair valuation, we, being an independent Valuer, have considered best reasonable judgment to value the equity shares through average of Market Approach (the Closing price of the day immediately preceding the relevant date) and Net Asset Value. The Relevant date is 2nd March, 2023.

We, being an Independent Valuer, have calculated Rs. 85.33 per equity shares as the fair value price of each Equity Share in accordance with Regulation 164 and 166A of the SEBI (ICDR) Regulations as per **Annexure I**.

Following is the summary of the Valuation:

Fair Value per Share (Price Calculated as per Articles of Association of the Company) and in terms of Regulation 166A of SEBI (ICDR) Regulations - <i>as per Annexure I</i>	Rs. 85.33
---	-----------

#### **Valuation & Conclusion:**

In the ultimate analysis, valuation will have to involve the exercise of judicious discretion and judgment taking into account all the relevant factors.

***The Fair Market Value per equity share of ANG as per above methodology is INR 85.33/- (Indian Rupees Eighty Five and Thirty Three Paisa).***
